## Accident Insurance

Even when you live well, accidents happen. Treatment can be vital to recovery, but it can also be expensive. And if an accident keeps you away from work during recovery, the financial worries can grow quickly.

Most major medical insurance plans only pay a portion of the bills. Our coverage can help pick up where other insurance leaves off and provide cash to help cover the expenses.

With Allstate Benefits accident insurance, cash benefits are paid to help you gain financial protection. You also gain the financial empowerment to seek the treatment needed to be on the mend.

## Key Features

- Guaranteed issue coverage, subject to exclusions and limitations\*
- Coverage available for dependents
- Premiums are affordable and are conveniently payroll deducted
- Coverage may be continued; refer to your certificate for more details

\* Please refer to the Exclusions and Limitations section of your brochure.

## How it Works

Our coverage pays you cash benefits that correspond with hospital and intensive care confinement. Your plan may also include coverage for a variety of occurrences, such as: dismemberment; dislocation or fracture; ambulance services; physical therapy and more. The cash benefits can be used to help pay for deductibles, treatment, rent, and more.

With Allstate Benefits, you can protect your finances against life's slips and falls. YOU DECIDE how to use the cash benefits. Our cash benefits provide you with greater coverage options because you get to determine how to use them.
