

The goal of Compensation is to attract and retain outstanding team members and top talent like you! We do this by utilizing key strategies integrated into our total rewards package to ensure compensation is equitable and consistent to retain difference makers, inspire and reward stellar performance, contributions and outcomes, as well as continue to be externally competitive with market peer groups always ensuring alignment with business strategy where we balance profitability, growth and expense control, while supporting Jackson Health System's culture and unique mission as a public and academic healthcare system.
